Experience

Check Point | Training Specialist

February 2024 - Current

- Managing onboarding workflows for global employees, ensuring a seamless user experience.
- Collaborating with product teams to identify and implement platform usability improvements.

MAX IMPACT | UX Designer

2024, Volunteering (Project Acquired)

- Led UX design for an AI-powered tool to simplify educational content.
- Designed wireframes, interactive prototypes, and developer-ready UI specifications in Figma.
- Conducted user research and defined user needs to drive design decisions.
- Contributed to a product that was later acquired.

ThriveDX SaaS | Instructional Designer

2020-2022

- Designed Cybersecurity educational materials, including digital courses and apps.
- Managed an international project to create animated videos, coordinating with external vendors and internal teams to ensure quality and timely delivery.

IDF C4I & Cyber Corp | Instructional Designer

2017-2019

- Designed and developed interactive digital training programs using adult learning principles.
- Adapted content to user needs, accessibility constraints, and feedback – applying user-centered thinking to digital training solutions.
